

Friends  of Brooker Creek Preserve

Vision Statement

Friends of Brooker Creek Preserve envisions Brooker Creek Preserve:

- With a full time land manager with enough staff and budget to:
 - Ensure sound stewardship of Brooker Creek Preserve that is respectful and accountable to land character, natural cycles, native species, and habitats.
 - Maintain and enhance the natural biodiversity and ecological integrity of Brooker Creek Preserve.
- With a full time Executive Director of the Environmental Education Center and enough staff and budget so that the Center will:
 - Serve as a model and education source for responsible land use, stewardship, and natural history.
 - Inspire people to respect wildlife, develop their own responsible land ethic, and to practice ecological stewardship in their homes, workplaces, and communities.
 - Be open to the public at least five days per week including Saturdays and Sundays.
